

# **SAILING COMMITTEE**

## **REMINDER RE SAILING INSTRUCTION RULE 9.2**

### **9.2 Time Limit**

*For all inshore races any boat not finishing half an hour before the last lock as designated by the marina authorities will be classified as D.N.F.*

**This rule was originally introduced to prevent yachtsmen having to spend a night mooring at Tranmere.**

**However, since the refurbishment of the lock system the club has been informed by the Marina Management that the new computerized system can close the whole operation down completely if there is not sufficient water, i.e the river levels drop below a certain point.**

**Skippers should therefore be aware that Race Officers will in future have no alternative other than to apply the Rule rigorously and will be so informed.**

**M.Dickinson**
